

# RMT 300 Gallon Pump Tank

### Environmentally Sound

Watertight and corrosion proof onsite wastewater tanks.

**Versatile** Suitable for septic or pump tank applications.

**Heavy Duty** Designed to perform under tough conditions. Ribbed for extra strength.

**Code Compliant** Meets or exceeds standard tank requirements.

**Installer Friendly** Easy handling and multi-port inlet/outlet pipe configurations.

**Safe & Secure** Sturdy, lockable, threaded cover and riser system.

RATED CAPACITY US Gallons (Liters)	MODEL	TOTAL CAPACITY US Gallons (Liters)	HEIGHT	WIDTH	WEIGHT Pounds	LENGTH
300 (1136)	RMT-300	300 (1136)	54"	45"	120	50"
400 (1515)	RMT-500	500 (1893)	51"	62"	225	60"
750 (2840)	RMT-750	1007 (3812)	51"	62"	360	103"
900 (3405)	RMT-900	1147 (4340)	51"	62"	450	118"

1060 (4012)	RMT-1060	1311 (4962)	51"	62"	520	133"
1250 (4730)	RMT-1250	1464 (5541)	51"	62"	560	148"
1500 (5678)	RMT-1500	1768 (6692)	51"	62"	640	177"

### Key Features

- **Low-profile high-performance design.**
- **Convenient and watertight threaded access riser system (sold separately).**
- **Includes connection gaskets (pipe grommets).**
- **No water required during backfill.**
- **Heaviest poly tank on the market.**

Roth is the proud owner and operator of the world's largest blow-mold machine. Our patented manufacturing and design process utilizes high molecular weight HDPE to produce the "Next Generation" of onsite wastewater products.

With an emphasis on products for the wastewater and environmental industries, Roth Global Plastics, Inc. is your innovative partner in business. Our products are engineered for performance over the long term. We welcome your comments and look forward to meeting your future engineered plastic product needs.
